

International Journal of Computer Theory and Engineering

IJCTE

Table of Contents

Volume 2 Number 6, December 2010

A Novel Video Object Segmentation Approach for Noisy Video Sequences towards Effective Video Retrieval.....	826
<i>S. Padmakala and G. S. AnandhaMala</i>	
Stego-Based-Crypto Technique for High Security Applications.....	835
<i>Adnan Mohsin Abdulazeez Brifcani and Wafaa Mustafa Abduallah Brifcani</i>	
Hybridization of ANN and GA with Adaptive Mutation: A Proficient Technique for Optimal Transmit Antenna Subset Selection for MIMO-OFDM Systems.....	842
<i>Madan Lal and Ashok De</i>	
On-line Image Compression based on Pipelined Architecture.....	851
<i>Subarna Bhattacharjee, Dipak Kumar Kole and Amiya Halder</i>	
The Proposal of Step Stress Testing Automation.....	860
<i>P. Tanuska, O. Vlkovic and L. Spendla</i>	
Association Rule Mining for Multiple Tables With Fuzzy Taxonomic Structures.....	866
<i>Praveen Arora, R. K. Chauhan and Ashwani Kush</i>	
Study and Simulation of Fault Tolerant Quantum Cellular Automata Structures.....	871
<i>E. N.Ganesh, R. Kaushik Ragavan, M. Krishna Kumar and V. Krishnan</i>	
Soft Decision Parallel Interference Cancellation for Scrambled/Unscrambled DS-CDMA System.....	877
<i>Sasipriya S. and Ravichandran C. S.</i>	
Fuzzy Rule Based Expert System to Represent Uncertain Knowledge of E-commerce.....	882
<i>Pankaj Dashore and Suresh Jain</i>	
Ontology Languages – A Review.....	887
<i>V. Maniraj and R. Sivakumar</i>	

A Novel Genetic Algorithm for GTSP.....	892
<i>Zaheed Ahmed, Irfan Younas and Muhammad Zahoor</i>	
A combination approach for Web Page Classification using Page Rank and Feature Selection Technique.....	897
<i>Sini Shibu, Aishwarya Vishwakarma and Niket Bhargava</i>	
Intrusion Detection Tools and Techniques – A Survey.....	901
<i>Karthikeyan .K.R and A. Indra</i>	
Re-Search & Re-Classification Algorithm – An Adaptive Algorithm for Search Engines...	907
<i>Vishwas J Raval, Amit R Thakkar, Amit P Ganatra and Yogesh P Kosta</i>	
A Hybrid model of Neural Network Approach for Speaker independent Word Recognition	912
<i>N. Uma Maheswari, A. P. Kabilan and R. Venkatesh</i>	
Classification Algorithms in Achieving Partitioning Optimization for VLSI Applications...	916
<i>Sumithra devi K. A. and Vijayalakshmi. M. N</i>	
Realization of Threats and Countermeasure in Semantic Web Services.....	919
<i>Suresh Kumar, Rakesh Kumar Prajapati, Manjeet Singh and Asok De</i>	
Trend Spotting Technological advancement, Issues, Challenges and Opportunities in Information Fusion Methods specific to Multiple Classifier Systems - A Survey Paper.....	925
<i>Amit P Ganatra and Yogesh P Kosta</i>	
Comprehensive Evolution and Evaluation of Boosting.....	931
<i>Amit P Ganatra and Yogesh P Kosta</i>	
E-Management Framework for Teaching Hospital Complexes in Developing Countries....	937
<i>Emmanuel Olajubu1, Anuoluwapo Ajayi, Deborah Ninan, Sururah Bello, Olofin Bodunde and Omodunbi Theresa</i>	
Design of High Performance Quaternary Adders.....	944
<i>Vasundara Patel K S and K S Gurumurthy</i>	
Metrics for Test Case Design in Test Driven Development.....	952
<i>Divya Prakash Shrivastava and R. C. Jain</i>	
State of the Art of Data Dissemination in VANETs.....	957
<i>Pratibha Tomar, Brijesh Kumar Chaurasia and G. S. Tomar</i>	
Spiking Back Propagation Multilayer Neural Network Design for Predicting Unpredictable Stock Market Prices with Time Series Analysis.....	963
<i>Amit Ganatr and Y. P. Kosta</i>	
iACO: A Bio-inspired Power Efficient Routing Scheme for Sensor Networks.....	972
<i>Venkatesh Mahadevan and Frank Chiang</i>	
OpenPC : A Toolkit for Public Cluster with Full Ownership.....	978
<i>Z. Akbar, I. Firmansyah, B. Hermanto and L.T. Handoko</i>	

A Hop by Hop Congestion Control Protocol to Mitigate Traffic Contention in Wireless Sensor Networks.....986

Kamal Kumar Sharma, Harbhajan Singh and R.B Patel
